

Enfield - Mulalley & Co

Main refurbishment contract

What is a main refurbishment contract?

This is a contract which allows us at Specialist Electrical to upgrade anything that needs replacing within residential blocks. Our main refurbishment contracts usually involve upgrading the lights, including emergency, throughout the block, the door entry systems and fire alarms within the blocks.

Main refurbishment contract within Enfield

For Enfield council we worked alongside Mulalley & Co to upgrade multiple residential blocks. We have installed brand new aesthetic lighting for the block flats including emergency lighting. Our team has also installed brand new fire alarms to ensure the residents feel safe and secure within their home. We have also installed brand new reliable door entry systems for multiple blocks. Our outstanding team always do the job to the best possible standard and have checked each installation is working perfectly before leaving the site. We ensure all work complete is safe and meets the requirements.
